

Intercultural Development Inventory® (IDI® v.3): Qualifying Seminars 2010 Schedule

Mitchell R. Hammer, Ph.D., IDI, LLC

The Intercultural Development Inventory® v.3 (IDI®) is a statistically reliable, cross-culturally valid measure of an individual's and group's intercultural competence. The IDI® v.3 is customized for educational use and various organizational applications. The IDI® is translated into Bahasa Indonesia/Malay, Chinese, French, German, Italian, Japanese, Korean, Norwegian, Portuguese, Russian, and Spanish. Grounded in the Developmental Model of Intercultural Sensitivity (DMIS), the IDI® has been successfully used since 1998 in corporate, academic, and other settings to aid individual coaching and action-planning, to guide real and virtual multicultural team development, to generate needs analyses for targeted training, and to conduct program evaluation, organizational development, diversity programs, and research efforts. The IDI® and associated products and services are owned and operated by Mitchell R. Hammer, Ph.D., through IDI, LLC.
